

NPC Position Statement Against Sexual Assault

The National Panhellenic Conference (NPC), one of the world's largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. NPC deplores the act of sexual assault. We support the rights of not only our members, but all women who are survivors of sexual assault. A woman's right to report and seek a fair, supportive and timely due process will remain a priority for NPC. We support the collective efforts of our sorority organizations, and those men, women, colleges and university officials who seek substantive change to prevent such conduct and eradicate violence against women. NPC commits to partnering with institutions of higher education to make our campuses safe for all who attend.
